

VANUATU REPORT

Following is an edited report received this week---

The Vanuatu National Conference which was held in Port Vila from August 25 - Sep 2 , 2007 was huge success. Some delegates travelling from the island of Malekula were not able to attend due to bad weather, but it was a wonderful time for our CRC churches to gather for strengthening and encouragement from the Word of God.

John Weimani
Principal

Principal's House

We were privileged to have as our speakers Ps Barry Silverback (International Director) and Ps Neil Milne (Sturt Street CRC, Adelaide).

Currently there are 6 students attending the John William Bible School at Luganville on Santo Island, and have now completed six months of training.

The students have shown a growing desire to learn through lectures, work periods, street witnessing and establishing House Fellowships where three men and four women have given their hearts to the Lord recently.

Thank you to those who have supported the work financially and in prayer. There are some projects to be completed at the Bible School property, one of them being the Girls Dormitory.

We are believing for 10 – 15 students in 2008, so please pray with us.
