

NATIONAL MISSIONS DAY

SUNDAY 27 JULY 2025

This year's National Missions Day offering is dedicated to supporting our CRC Gateway Centre in Honiara, Solomon Islands.

For many years, CRC Honiara has faithfully served the local community, their nation, and even countries beyond through sharing the hope of Jesus, raising up leaders, and sending out missionaries.

Now, the church is stepping into an exciting new chapter.

Our team in the Solomon Islands have a vision to build a permanent church building in Honiara.

This will be a place where people can worship, grow in faith, and be equipped to lead and serve across the Solomon Islands and beyond.

During this year's National Missions Day, an offering will be taken up in each of our participating churches to assist with this vital work at CRC Gateway Centre.

We are aiming to raise \$50,000 to complete the steel frame and permanent roof for the new building.

The new church building will be constructed across the existing cement block that currently houses CRC Honiara and will extend toward the ablution block.

The existing concrete slab will be incorporated into the new structure, creating a solid and expanded foundation for worship, training and outreach.

Some of the men in the church have begun working on concrete blocks that will be used in the new church building. They have also secured the steel frames needed for the project.

CRC Gateway Honiara have run numerous fundraising events in their ongoing effort to secure the funds needed to build their permanent church facility.

An offering will be received in each of our participating churches on Sunday 27 July. You may also give directly online.
